We provide a variety of services to families in need to include services and supplies for expectant mothers, families needing shelter to avoid domestic violence, parenting classes, job search assistance and more. The back to school celebration meets our mission to promote education and provide information to parents as to how to support their child's success in school.
2. **Do you have specific goals for this project?** **yes** **no** If so, please state. Our goal for this project is to emphasize the importance of education and helping parents to be supportive in their child's success in school. 3. **Do you have a method of measuring the effectiveness of this project?** **yes** **no** If so, please explain how the results will be reported to the Operation Round Up Board. We provide instructional handouts, contact with role models, and encourage networking at this event. Attendance is critical. However, we can report how many people attend and how many children receive the supplies.
4. **Is your organization contributing to the project in terms of cash and/or in-kind/non-cash?** **yes** **no** If so, please provide the details of the contribution.
