COMMITTED TO COMMUNITY

Operation Round Up®
Since 1999, 552 Grants totaling $1,071,261.68

Your small change makes a big difference. Join thousands of other Tipmont members who “round up” their electric bills to the next dollar to support local community organizations.

EnviroWatts
Since 2003, 138 grants totaling $709,733.10

Tipmont REMC members support sustainable initiatives by electing to pay an extra one cent per kilowatt hour on their bill. A volunteer board of Tipmont members distribute the funds to environmental projects in our communities.

Youth Education
Youth Tour to Washington, D.C., Touchstone Energy Camp, and Indiana Page Day

About

At Wintek, we believe in building relationships that allow us to turn our passion for technology into solutions to help you reach your potential: today, tomorrow, and in the future. Founded in 1973, Wintek has been a forerunner in the technology field. Vigilant in anticipating and adapting to the ever-changing and advancing world of technology has secured Wintek’s stability as a corporation.

Dedicated to serving our customers, we take the time to listen and understand the needs of our customers to deliver customized technology solutions that transform how our customers connect - today, tomorrow, and in the future. As a locally owned and operated company, we recognize the responsibility we have to develop solutions and invest in technology and infrastructure that changes the way our community connects to the world.

Residential Services

Wintek is committed to providing fast, reliable internet solutions coupled with exceptional customer support to meet the current and future needs of our customers. Wintek offers Fiber to the Home (FTTH) to consumers in select areas in the Greater Lafayette Area. We are continually expanding our FTTH network to meet the need for reliable, high speed internet in areas that are underserved.

- 100% Fiber optic network
- Symmetrical speeds
- Dedicated bandwidth
- No contracts

Data Center Services

Our colocation services eliminate the need to invest your company’s critical capital dollars into sustaining the required power, cooling, security, and connectivity to keep your servers protected and reliably running.

- Flexible, reliable, and scalable power/cooling infrastructures designed to grow with our customers
- Redundant power and cooling, fire suppression
- 24/7/365 network support
- Secure access control with two-factor authentication including biometrics

Business Internet

Your business requires fast, dedicated and reliable Internet service to compete in today’s fast paced and connected world. Wintek’s advanced fiber optic network enables us to provide customized and scalable connectivity solutions for your business needs. Whether you need 10 Mb or 100 Gb solutions, our solutions are here to support you.

Consulting Services

Wintek’s Cisco Certified Network Engineers are available to help you tackle your toughest networking challenges. Wintek is a Cisco Premier Certified Partner and has the tools and the expertise to evaluate your existing network and power infrastructure and provide comprehensive, customized solutions.
